

## BONUS BILL MAY GET PREFERENCE BEFORE SENATE

Should Determine the  
Cost Before Consid-  
ering Tax Bill

WASHINGTON, March 19. (AP)—AS the bill for the bonus to the soldier today is reported from the house, sentiment indicated the measure would displace the tax reduction bill for immediate consideration in the finance committee.

The paid-up insurance bill passed by the house met with general favor among Republicans but Democrats were apparently ready to carry on the fight of their group in the house for a full cash payment option. Senator Simmons of North Carolina, ranking Democrat on the finance committee declared in such a proposal.

Altho agreed generally on a straight cut insurance bill with an option for cash payments to veterans not entitled to more than \$50, as provided in the house measure, Republicans were split over the form of the insurance provision.

Chairman Smoot of the finance committee introduced a bill providing for insurance policies payable only at death and announced he would not support the house provision for 20 year endowment policies carrying loan privileges.

Curtis Bill  
Senator Curtis of Kansas, a Republican member of the committee however, has introduced a bill carrying an insurance clause similar to that approved by the house.

The bonus bill probably will be referred to the finance committee tomorrow.

Chairman Smoot said today that a motion to have it placed before the committee would be in order.

Altho no formal movement to bring about such action has been initiated, several committee members expressed the belief today that the bonus bill would be given priority.

Mr. Smoot's bill, which the committee might favor, would allow cash payments to veterans going to be needed before the final action on the bonus bill and therefore it might well to dispose first of the bonus bill.

The committee bill introduced by Mr. Smoot was estimated at \$5,007,122,442 of which \$16,000,000 would be used in immediate payments to those entitled to \$50 or less. Mr. Smoot explained that the cost calculation was as nearly accurate as possible, being based on the American experience tables of mortality. The total cost would be spread over 61 years, this being the presumptive period before the death of all veterans insured. The total cost of the house bill was estimated at \$2,119,000,000.

Annual Cost  
The cost of the insurance under the Smoot bill would be about \$42,476,669 in the first year, it was estimated. The cost was estimated on the basis of 1,658,199 veterans would be eligible for the bonus.

As in the house bill, adjusted compensation on the basis of \$1.25 a day or overseas service exclusive of the first sixty days and with maximums of \$500 and \$625, respectively would be allowed. Twenty five percent of the total of adjusted compensation due would be added and the insurance given would be the amount this total credit would buy at 4 1-2 percent interest compounded annually. As the house bill allowed only four percent interest the Smoot bill would allow slightly larger amounts.

The face value of the policy would be about 3.015 times the amount of adjusted compensation and credit due. Mr. Smoot said, whereas the value of policy (Continued on Page Four.)

## UNDERWOOD BEATEN BY MCADOO IN GEORGIA

ATLANTA, Ga., March 19. (AP)—From Rabun Gap to Tybee Light, Georgians today declared an overwhelming preference for William G. McAdoo for the Democratic presidential nomination.

Running in a primary in Georgia, McAdoo snatched his opponent, Senator Oscar W. Underwood, out of the lead in the first returns and gradually increasing his advantage as additional counties reported.

Atlanta, Macon, Savannah, and Augusta helped to swell the McAdoo majority. He carried his home county of Cobb by a big vote, captured the home county of the late Senator Thomas W. Watson by a small majority, according to incomplete newspaper returns and took Chatham, the home of Senator Underwood's state campaign manager.

## REPARATION EXPERTS HAVE CONCLUDED TWO THIRDS OF FINDINGS

Text so Far Drawn up Has  
Been Presented to  
Members

PARIS, March 19. (AP)—About two thirds of the report of the reparation experts has now been drafted. It was said at reparation headquarters tonight. The text so far as drawn up will be distributed to the members of both the first and second committees.

The second committee, under the chairmanship of Reginald McKenna, has almost finished its task, having held two sessions today in the course of which a final estimate was virtually agreed upon as to the amount of German money that leaked out of the country. Before fixing the amount definitely, the committee members are waiting for information from the members of the allied governments on guarantees in Berlin.

Dr. Hjalmar Schacht, president of the Reichsbank, again conferred with the subcommittee on finance this morning concerning points remaining to be fixed in connection with the proposed German issue bank. He was asked to present a written opinion on one special point on which he probably will hand to the committee tomorrow morning.

## CHICAGO ARCHBISHOP IS GIVEN AUDIENCE WITH POPE IN ROME

Archbishop Mundelein of Chicago, who with Archbishop Hayes of New York is to be elevated to the cardinalate at the forthcoming papal consistory, was received in private audience this evening by Pope Pius.

The pontiff was greatly interested in hearing the Chicago prelate tell of affairs in his archdiocese, and expressed pleasure at being able to recognize the work of the archbishop by bestowing on him the high honor of a prince of the church.

The audience lasted a full hour, from 6 to 7 o'clock. Archbishop Hayes will be received in audience by his Holiness tomorrow but the hour has not been fixed.

Archbishop Mundelein gave out the following statement to the press correspondents after his audience:

"By elevating the ranking prelates of America's two largest cities, New York and Chicago to the highest honors in the church he recognizes in the most signal manner their piety, generosity and their zeal in the fields of religion and charity. Especially to the people of Chicago since it was their archbishop did the holy father refer, but not to them alone did he limit his praise and appreciation."

## TURN ATTENTION TO INDIVIDUALS TEAPOT CLAIMS

Chicago Convention  
Gossip Also Came  
in for Quiz

WASHINGTON, March 19. (AP)—After hitting the lid of another box of rumors, those having to do with oil deals at the Chicago Republican convention turned back today to the teapot of Teapot Dome to Harry F. Sinclair and the efforts of "dependents" to enforce "claims" there.

The gossip about the Chicago convention was related to the senate investigators by Tiffin Gilmore, deputy secretary of Ohio, and a supporter of Major Leonard Wood in the 1920 campaign. He stated frankly that he had no first hand information about "gossip" with which he asserted the atmosphere at Chicago was "saturated."

James G. Darden, friend of President Harding, and a man of varied experience in the world of business and politics, told of vain efforts of himself and associates to establish "rights" in the Wyoming reserve and of conversations on the subject with President Harding, Secretary Fall and Attorney General Daugherty.

During a long and vigorous cross-examination by Senator Walsh of Montana, committee "prosecutor," Darden quoted President Harding as having said "Fall is kind of 'TNT' on the subject of clearing the reserve. Also he flatly denied a statement contained in a letter from Fall to Mr. Harding that Attorney General Daugherty had sent Darden to the interior secretary about lease.

Attempt at Lease  
Describing efforts he had made to obtain a lease in the Salt Creek field, adjoining Teapot Dome before the interior department in 1920 during the Democratic administration Darden said Ambassador Taylor, who was contesting his claim, came to Washington "with Mr. Wilson, a brother of President Wilson," as his attorney.

Payne recognized his claim in that contest, he added. The only specific statement obtained from Gilmore was that after the convention he had a conversation with Carmi A. Thompson of Cleveland, Ohio, about some oil lands in the course of which Thompson was quoted by Gilmore as saying "we" needed the latter "now more than ever."

Gilmore could not identify the oil land which was the subject of the conversation.

A subpoena immediately was issued for Thompson who was a Republican candidate for Governor of Ohio in 1922, and now is campaign manager in that state for President Coolidge. He probably will be heard Saturday.

Meanwhile Senator Walsh plans to have a conference with Leonard Wood Jr. here tomorrow about his proposed statement that he had heard Hansen make an offer to his father at Chicago. Just how far the committee will pursue this subject may depend upon the information obtained by Senator Walsh at that conference and the testimony of Thompson.

To Recall Wahlberg  
Before getting back to that subject the committee plans to recall tomorrow G. D. Wahlberg former private secretary to Harry F. Sinclair, and to hear Sinclair himself on Friday if he (Continued on Page Four.)

NEW PHASES SHOWN OF  
DINES SHOOTING FRAY

LOS ANGELES, Cal., March 19. The latest hearing of the charges against Horace A. Greer, former chauffeur for Mabel Normand, film actress, of attempted murder against Courland S. Dines, Delver oil operator, which resulted today in Greer being held to answer to the superior court developed a number of new phases in the case, including the following:

Witnesses on Dines' body apparently caused by three bullets instead of one as previously reported.

Remarkable improvement in Dines' memory, embracing his admission to Justice J. Walter that he was drunk at the time of the shooting.

Dines' admission that he was in quite "a rage" at Greer's insistence on Miss Normand leaving the Dines' apartment for home.

Dines' testimony that Miss Normand was in the room with him when Greer arrived and for some time afterwards, and the evidence of Miss Edna Purviance that from the bath room door saw Miss Normand entering the bedroom from the living room where Dines and Greer were, immediately after the shooting.

(Miss Normand has maintained that she was not in the room at the time of the shooting.)

## World Flight Airmen Rest at Vancouver

PORTLAND, Ore., March 19. — Three of the great army airplanes making a round the world flight, rested at Vancouver Barracks, Washington, tonight and the fourth at Eugene, Ore. It was the intention of the fliers, weather permitting, to resume the flight tomorrow as far as Seattle. There the mechanics are to undergo transformation from land plane to sea plane for the next leg from Seattle to Prince Rupert, B. C., and thence across Alaska and the Aleutian Islands.

It had been expected until late today that the three planes piloted respectively by Major F. L. Martin, Lieutenant Lowell Smith and Lieutenant Leigh Wade, would make Seattle as the end of their day's flight. But when the three took the air at Vancouver, Washington, following their stop there and a trip by the fliers to Portland for lunch, rain was encountered. It increased as they flew northward and Major Martin decided to return to Vancouver where the planes landed at 4:15 P. M. The fourth plane, piloted by Lieutenant Erik Nelson, landed at Eugene at 3:25 P. M., having flown from Los Angeles, whence it started at 5:40 A. M. It was his intention tonight to leave there early tomorrow and rejoin his flight comrades at Seattle.

The flight from Eugene to Vancouver Barracks today was uneventful, Major Martin said. The three round the world planes went over Portland just at noon escorted by four other machines. At Vancouver they were welcomed by General Kahn, post commander, Mayor George L. Baker of Portland and officials of civic organizations. They were brought here for lunch on a special train. After lunch, Major Martin said, plans for the later part of the day were considered. It was 2:30 P. M. when the three planes took the air again from Vancouver Barracks. A light rain had begun to fall in the air, but Major Martin thought at first it would not interfere.

ROSEBURG, Oregon, March 19. (AP)—Lieutenant William R. Swallow, commanding officer of the official escort of the world flight airmen, was forced to make a landing in the tree top 30 miles of Roseburg today, working his plane beyond repair. The flier received a few minor scratches and bruises. His companion, a photographer of Los Angeles, taking pictures, escaped without injury altho he was pinned under the wreckage for a considerable time.

COOLIDGE IS GIVEN  
HEAVY PLURALITY IN  
NORTH DAKOTA VOTE

FARGO, N. D., March 19.—(AP)—Probable endorsement of Calvin Coolidge for the Republican presidential nomination in Tuesday's statewide primary in North Dakota was indicated on the basis of unofficial returns available here tonight.

These returns, which were from 1217 of the state's 2538 precincts, gave as compared to 22,287 for LaFollette and 22,272 for Johnson. They were the last returns available when tabulation ceased for the night.

In the reported precincts the Republican vote totaled 81,842 and a close comparison with the vote of the 1922 general election indicated the unreported precincts probably would not show 20,000 additional votes and might not exceed 25,000.

This comparison, assuming no serious error will be found in the unofficial tabulations, seemed to insure the president's endorsement as his margin was sufficient to allow for a material increase in the state against him in unreported returns from anti-Coolidge counties.

LaFollette, however, the master of the Ellis himself refused to divulge any information. It was learned, however, that the revolution is proving the most serious of any Honduran revolution in the last half century and recently entailed tremendous loss of life and property.

The situation was described in brief as follows:

More than 200 persons have so far been slain in the warfare. All the ports of the country, Toluca, Puerto Cortez, Puerto Castilla, Comayagua and the others, are in the hands of the rebels.

The rebels are rapidly gaining control over the entire country and already are in control of all the important cities.

Tegucigalpa, the capital, has been half razed to the ground by fire.

One American gunboat and two destroyers are along the Atlantic coast to protect American interests.

The Ellis is the first ship seized by the rebels, which is explained by the fact that she flies the Honduran flag. All the other ships sailing in and out of Honduran ports are under foreign flags and have so far been immune from trouble.

WEALTHY PIANO  
MAKER INDICTED

CHICAGO, March 19.—Henry Detmer, wealthy piano manufacturer and president of the Blüthner company of Thuringia, and four officers of the brewer were indicted today by the federal grand jury on charges of conspiracy to violate the prohibition law.

The prosecution followed a road made some time ago by Brice Armstrong, prohibition agent, whose home was bombed early Sunday.

Washington, March 19. President Coolidge will call members of the Republican steering committee of the house into conference within a few days for discussion of the legislative program or the remainder of this session of congress.

Indians, Ind., March 19.—Work of selecting a jury for the trial in criminal court here of George McCray on charges of embezzlement of state funds, was still far from complete at the close of the third day of the trial today.

American sailors were ordered to Tegucigalpa, capital of Honduras where disorders preceded incident to the revolution. The senate oil committee subpoenaed Harry F. Sinclair, Carmi Thompson of Ohio and G. D. Wahlberg, Sinclair's former secretary.

The Daugherty committee held only a brief session devoted largely to charges that lotteries had not been properly prosecuted.

The senate finance committee rejected a house amendment to the revenue bill on stock profits taxes retaining the

## SENATE REJECTS TAX AMENDMENT VOTED BY HOUSE

Committee Members  
Seem to Favor Mel-  
lon Schedule

WASHINGTON, March 19. (AP)—The senate finance committee today rejected the first house amendment to the revenue act of 1921 in its consideration of the measure, and announced the action provision for tax on profits on stock dividends received in liquidation proceedings.

The house had made such profits subject to the surtax rates higher than the capital gain tax of 12 1-2 percent, a lower rate than the average surtax. The house provision was characterized as unfair to smaller stock holders.

A disposition on the part of majority committee members to replace the Longworth compromise income tax schedule with the Mellon rates also became apparent today.

The Democrats have given no definite indication of what rate schedule they will support.

House Democrats supported the Garner rates with a 41 percent maximum surtax. This was beaten in the house by the Longworth compromise carrying a maximum surtax rates of 37 1-2 percent.

Likewise Senator LaFollette's position as to what rates the bill should carry has not been revealed. Members of the Republican insurgent group in the house advocated retention of the present maximum surtax rates but later supported the Longworth compromise which cut normal rates to levels conforming closely to their program.

Should the tax bill not be put aside by the committee for the soldier bonus bill, it is expected the income rate schedule will be issued late in the week.

## WOMEN REFUSE TO SEE MABEL NORMAND

CHICAGO, March 19. (AP)—Illinois club women today were divided over their opinions of Mabel Normand in connection with the shooting of Courland S. Dines, as Miss Normand passed thru the city enroute east.

Mrs. George C. Palmer, president of the Illinois Federation of Women's Clubs, before Miss Normand arrived had declared it was her opinion "the majority of Illinois club women wish to see neither the actress in person nor on the screen."

Mrs. Delavan Cowles, president of the Woman's Association of Commerce, who sent Miss Normand an invitation to present the city entourage, declared the invitation still "stood."

Miss Normand characterized the women who criticized her as "unkind and unkind" and those who supported her as "perfect dears" and departed for New York.

## THREE INDICTED AT HERRIN GIVE BOND

HERRIN, Ill., March 19. (AP)—Three persons indicted recently by a special grand jury investigating a riot on the night of February 18 last between members of the Ku Klux Klan and anti-klansmen, appeared before the city court today and furnished bonds.

Charles Duddy, indicted for assault upon John Ford, chief of police of Herrin and Harold Crain, police officer who attempted to break up a meeting of the Knights of the Planning Circle, an anti-klankan organization, and \$1,000 bond.

John Garavaglia, charged with assault upon Crain was released on bond.

Indictments followed a series of liquor raids conducted by the Klan in Williamson county.

## LOWDEN TO STUMP STATE FOR ESSINGTON

CHICAGO, March 19.—Former Governor Frank O. Lowden will take the stump next week for Senator Thurlow G. Essington, Republican gubernatorial candidate, it was announced at Essington headquarters here tonight.

Mr. Lowden will speak at Springfield on March 27, Duquoin March 28, East St. Louis, March 29, Danville, March 31, and Rockford, April 1st.

PLACE MURDER CHARGE  
AGAINST FRED JANSSEN

Denver, Colo., March 19.—A formal charge of murder was filed today against Fred Janssen, confessed slayer of his wife, whose body was found in a trunk shipped to Ogden, Utah, by Janssen last week.

Ben B. Luska, attorney for Janssen indicated that insanity will be the defense at the trial.

## PAIR INDICTED FOR VET BUREAU BRIBERY SAY TRICKERY USED

Forbes and Thompson Ask  
for Quashing of In-  
dictment

CHICAGO, March 19. Charles R. Forbes, former director of the United States Veterans' Bureau and J. W. Thompson, St. Louis and Chicago contractor, indicted for bribery and conspiracy to defraud the nation of millions in connection with Forbes' administration of the Veterans' Bureau, today began their battle against those indictments.

Associated Press Editor in Chicago reported that Forbes and Thompson had been indicted for bribery and conspiracy to defraud the nation of millions in connection with Forbes' administration of the Veterans' Bureau.

Thompson had a lengthy document charging that government agents resorted to "trickery and subterfuge" to obtain the indictments.

The document was in support of a motion to quash the indictments. An order was also sought by Thompson compelling the government to return some of the books and papers seized during the investigation.

Both men were given permission to withdraw their pleas and were granted two weeks in which to file any motions to quash pleas for abatement that they see fit.

Counsel for the defendants contended that the indictments were obtained on perverted evidence and that government agents took books and papers of Thompson's, threw away what they did not want, and presented the rest to the grand jury.

## SUGGEST PUBLICITY FOR ALL CONTESTED INCOME TAX CASES

Committee Believe Plan  
Would Stop Craft  
Charges

WASHINGTON, March 19. (AP)—Publicity for contested income tax cases as a means of preventing charges of graft in tax settlements in the internal revenue bureau came in for general discussion today before the special senate committee appointed to investigate the bureau.

Commissioner David Blair and his deputy commissioners participated in the round-table discussion which followed a suggestion by Senator Jones, Democrat, New Mexico, to this effect.

The only other witness called today was J. Frank Drake of Pittsburgh, who explained that he had acted as confidential man for Secretary Mellon in examining into qualifications of men who were to be appointed to the bureau. The name of Elmer Dyer, former assistant secretary under Mr. Mellon in the treasury department, was mentioned.

Some of the messages, Chairman Brookhart said, related to oil matters and might be turned over to the oil committee. It was said that a deal was being made with that committee.

CHINA ORDERS SOVIET  
ENVOY TO LEAVE

London, March 19. (AP)—The Chinese government has ordered the Soviet envoy in Peking, I. M. Karabekov, to quit China, says a dispatch to the Daily Mail from Peking.

This action was taken, the dispatch said, because Mr. Karabekov's notes to the Chinese foreign office were insulting, one of them amounting to an ultimatum, in giving China 48 days to recognize the Russian soviet government.

The correspondents say the situation is critical.

## DAUGHERTY CASE UNDERGOES FULL DAY IN SENATE

Very Little Evidence  
Added in Wednesday's  
Session

WASHINGTON, March 19. In connection with the Daugherty case, very little evidence was added in Wednesday's session.

Testimony was given by Maco Stewart of Galveston, Texas, lawyer who contends the department of justice has been remiss in prosecuting alleged lottery scheme and Thomas D. Dawkins, a Texas postoffice inspector.

Thru cross-examination Mr. Howard told Stewart to testify that the government had been indicted and presenting various alleged lotteries Stewart referred to but Stewart insisted that all the present cases had been brought under mail fraud laws and did not meet the situation, where he contended, lottery prosecutions should have been made.

Dawkins testified that United States Attorney Zweifel of Texas, has refused to prosecute a similar concern because of an opinion by the solicitor of the postoffice department which he supposed had the approval of Attorney General Daugherty and the then postmaster general Will H. Hays.

Dawkins did not agree with Baldwin's testimony that some of the federal authorities in Texas had planned to "blackmail" Dr. Frederick A. Cook, of North Pole fame, and other adventurers.

Edwin A. Dawkins said "had that mixed up."

During today's full the committee examined a sheet of telegrams subpoenaed from Texas. Among them were said to be messages sent and received by former Secretary Fall, Edward L. Doheny, H. F. Sinclair, and Gus T. Jones, federal officer, formerly attached to the Fall committee which investigated Mexican conditions a few years ago. William J. Burns, chief of the department of justice, bureau of investigation, aided in decoding them.

Some of the messages, Chairman Brookhart said, related to oil matters and might be turned over to the oil committee. It was said that a deal was being made with that committee.

## SAYS GOVERNMENT ON WHOLE STILL SOUND

BOSTON, March 19.—Confidence that "our government on the whole is sound and not tainted with corruption," was expressed by Speaker Frederick H. Gillett of the National House of Representatives tonight. In an address at the annual banquet of the Amherst Alumni association of Boston.

The occasion was designated as "Coolidge Night" in honor of the president, a graduate and trustee of the college, whom Speaker Gillett characterized as a "man whom everyone trusts."

"Graft, connivance, corruption, have infected law enforcement," said Speaker Gillett, "and at length the track of guilt has led into a president's cabinet and sound the whole nation has been stunned by the revelation. But our government on the whole is sound and not tainted with corruption because of the conditions have been revealed do not believe that they are typical."

The special series of meetings  
at the Congregational church  
are increasing nightly in at-  
tendance and interest. A large au-  
dience assembled last night to  
hear Dr. C. C. Merrill of Chi-  
cago discuss "A Citizen of Two  
Worlds." Special interest was  
given the service by a solo by  
Mrs. A. Wehl, and there will  
also be special music at to-  
night's service.

In his address last night Dr.  
Merrill declared that every man  
ought to recognize himself as a  
citizen of two worlds—one  
world ending at death, the  
other world never ending.  
Eternal life, he said, as a pres-  
ent possession. "He that hath  
this Son hath life" here and  
now.

Facing frankly certain diffi-  
culties in believing in another  
world, Dr. Merrill nevertheless  
rested his case for it on three  
strong sayings in the New  
Testament, one from Jesus, "If  
it were not so, I would have  
told you;" two from Paul:  
"Neither death nor life shall  
separate us from the love of  
God as it is in Christ Jesus our  
Lord," who brought life and  
immortality to light thru the  
gospel.

Dr. Merrill expressed his  
opinion that belief in the eter-  
nal life had grown dim with  
some people because they could  
not picture what it is or where  
it is. Perhaps our chief reliance  
is on such a word as this  
from Whittier:

I know not where His islands  
lie.

They fringed palms in air,  
I only know I cannot drift,  
Beyond His love and care.

False ideas of heaven as a  
place of rest have done harm.  
Henry Ward Beecher's true idea  
was that when he got to heaven  
he would be "in the thick of  
things." There is opportunity  
there for the satisfaction of our  
deepest instincts for study, for  
teaching, for service, and we  
can, if we will pray for them  
there as here. Why, not, Dr.  
Merrill asked, continue our  
praying for our loved ones after  
they have left this world?

But why bother with another  
world, perhaps someone ques-  
tions. Why not one world at a  
time. In answer Dr. Merrill told  
of a woman who went to a  
physician about trouble with her  
eyes. He carefully examined her  
and finally told her that she  
had injured her eyes thru too  
close application and that all  
would be well if when she was  
reading or using her eyes  
closely she would get up now  
and then and go to a window  
and look out "real for real," so  
her look is good for tired eyes.  
So, concluded Dr. Merrill, we  
need the vision of eternal life  
to help us live this life worthily  
and well.

O, Mistress mine, where are you roaming?  
Oh, stay and hear; your true love's coming  
That can sing both high and low:  
Trip no farther, pretty sweeting;  
Journeys end in lovers' meeting.  
Every wise man's son doth know.

What is love? 'Tis not hereafter;  
Present mirth hath present laughter;  
What's to come is still unsure:  
In delay there lies no plenty;  
Then come kiss me, Sweet-and-Twenty,  
Youth's a stuff will not endure.  
—William Shakespeare.

A STRANGE KIND  
OF SLAVERY

BY ALBERT APPLE

This man became a slave to  
health rules—John H. Patterson,  
founder of the National Cash Re-  
corder Co. His biographer, Samuel  
Crowther tells about it.

Patterson's health broke down  
from over-work and strain when  
he was 60. He had always been  
determined tighter, always gone  
after things hammer-and-tongs,  
that's how he went after new  
health.

Patterson was an admirer of  
Zoroaster, the Italian, who believed  
that most people dig their graves  
with their teeth, and who lived  
scientifically, living to well over  
100 years.

So Patterson started by fasting  
17 days, taking only a few sips  
of water a day. The fast made  
him feel so much better that he  
went on a scientific vegetarian  
diet, chiefly baked potatoes and  
toast and crusts.

Full of enthusiasm, Patterson  
went to London and hired the  
strong, man, Sandow, to train him.  
For months Sandow worked  
with Patterson as if training a  
prizefighter. He made him rid-  
dle 15 miles a day on horseback.  
Most of his other time was stren-  
uous, used in the gymnasium. A  
special trainer rubbed him down  
many times each day.

At the end of a year Patterson  
returned to his Detroit business  
"a new man." He employed a  
staff of doctors to watch him.  
They covered nearly every part of  
his body, testing his blood  
pressure, listening to his heart,  
feeling his temperature. Food  
and his meals were weighed on  
scales.

Patterson took five baths and  
showered a day, a special doctor  
washed the temperature of his  
body. Every 20 minutes a vas-  
tine bath was given him, and  
he was kept in a glass of hot dis-  
tilled water.

He rose at four o'clock morning,  
took a horseback ride, had bath  
and breakfast. Then to work on  
in hour, next a bath and a ride  
and into bed for an hour in a  
special room at his factory. This  
program was repeated thru the  
day.

The result? Well, Patterson  
lived 18 years after he broke down  
at 60, and was vigorous and happy  
to the end.

Patterson's experience demon-  
strates that man can reach almost  
any goal if he is willing to work  
hard enough and devote sufficient  
time to the quest.

Many will wonder if his 18  
years of good health was worth  
the price he paid for it, finan-  
cially and in time expended. Was  
the game worth the candle? It  
certainly was for he enjoyed the  
whole process. He was a happy  
slave. All of us are slaves to  
some one or some system, job or  
train.

Backward children in former  
generations were given up as  
hopeless, often even ridicul-  
ed. Now we know that in many cases  
they require only special train-  
ing to bring them to normal or  
in the immediate neighborhood.  
Yes, we're learning—through ex-  
perience—about that most mysterious  
thing in creation, the human  
brain.

EB SPINK ANSWERS  
FINAL ROLL CALL

Prominent Business Man Passes  
Away Wednesday Morning—  
Funeral to Be Held Friday Af-  
ternoon.

The death of Eb Spink, promi-  
nent and well-known business  
man of Jacksonville occurred yes-  
terday morning at 3:50 o'clock at  
his late residence, 1004 West La-  
tayette avenue following an ill-  
ness of nine months duration.  
Mr. Spink's condition has been  
critical for the past week, and he  
has been bedfast for several  
weeks. During his life, Mr. Spink  
was engaged in the newspaper and  
insurance business, both of which  
he made a success, and passed  
away with the respect and admi-  
ration of all who knew him.

He was born at Havana, Illi-  
nois, January 8, 1857, a son of  
Ebenzer and Fannie Bailer  
Spink. His education was ac-  
quired in the public schools of Havana  
and when yet a boy he entered  
the employ of the Havana Demo-  
crat, with which he learned the  
printing trade and became ac-  
quainted with editorial duties. In  
the year 1875 he was united in  
marriage to Miss Annie Rosemond  
Storison of Havana. A short  
time after their marriage they  
moved to Chandlerville where  
Mr. Spink acquired the Chandler-  
ville Times, a weekly newspaper,  
which he published for 23 years.

Mr. Spink then disposed of his  
newspaper business and became  
engaged in life insurance, en-  
gaging in this business for several  
years in Cass county, after which  
he removed to Jacksonville.

For sixteen years Mr. Spink  
has been a resident of Jack-  
sonville and has taken an active part  
in projects that were for the bet-  
terment of the community. He  
was an active worker in lodge cir-  
cles and his cheerful disposition  
made for him many friends.

Soon after his removal to Jack-  
sonville he entered into partner-  
ship with James G. Strawn in the  
insurance business with head-  
quarters in the Hockenhill build-  
ing on the east side of the square  
and the offices have been main-  
tained there continuously. Three  
years ago the firm name of  
Strawn and Spink was changed to  
the name of Spink, Strawn &  
Spink, when Earl M. Spink, a son  
of the deceased became a part-  
ner. This company built up a  
large business and has agents in  
a number of central Illinois towns.

Mr. Spink was a member of the  
Congregational church, having  
maintained membership with that  
denomination for many years. He  
was a member of the Jacksonville  
church at the time of his death  
and for a number of years served  
as superintendent of the Sunday  
school. He was a member of the  
board of directors of the Y. M. C.  
A. of Jacksonville, Elks and Ma-  
sons.

Mr. Spink is survived by his  
wife and nine children: Marcus L.  
Spink, Dayton, Ohio; John C.  
Petersburg, Ernest O. Madison,  
Wisc. Mrs. Leland J. Ward, of  
Jacksonville; Mrs. Frank D. Bay-  
less, Port Jervis, Ohio; Wallace  
E. Jacksonville; Paul W. Elk-  
hart, Indiana; and Miss Virginia  
Spink at home.

He is also survived by nineteen  
grandchildren, three brothers and  
two sisters. The brothers are Wal-  
ter A. and James, Havana, and  
Joseph, Chandlerville, Kansas, and  
the sisters are Mrs. Mary Haver,  
Ottawa, Kansas, and Mrs. Lillian  
M. Morganstein, Nampa, Ohio.

The remains were taken to the  
Guthrie Funeral Home yesterday  
morning and will be returned to  
the family residence, 1004 West  
Lafayette avenue, this morning.

Funeral services will be con-  
ducted at the residence Friday af-  
ternoon at 2:30 o'clock. Rev. G.  
E. Spink and Dr. R. O. Post,  
officiating. Burial will be in  
Lafayette Grove cemetery.

SAYS STREET CARS ARE  
THE CITIZENS' FRIEND

It is the pleasure of driving for  
the independent of street cars,  
but it is not fair to deprive those less  
fortunate the great majority of  
the city practical method of trans-  
portation, namely the street cars.

No other conveyance has proved a  
success in cities of this size, but, in-  
stead has been very unsatisfactory.

To be accurate as to time, and of  
sufficient frequency to be of service  
and afford transfers to other lines of  
the city, a conveyance must have the  
right of way, secured only by a  
fixed track. No bus line, subject to  
traffic delays, as would be unavail-  
able, can be relied upon to run either  
accurately, frequently, or for rate  
now paid for street car service.

Busses for sight-seeing, in large  
cities, run on boulevards, streets  
closed to street cars, are of value,  
but it would seriously cripple any  
section of Jacksonville to deprive it  
of its street car line.

Why knock the North Side? There  
are many fine lots there awaiting  
buildings, which will come before  
long.

Yours, not only for the street car  
line in North Main street, which is  
the only road north, but, when, with  
the aid of our efficient Chamber of  
Commerce, we grow, as we so fondly  
expect, may our street car system  
on all sides be extended and im-  
proved as we may merit.

David P. Houston.

## CARD OF THANKS

I wish to extend my sincere  
thanks to the many friends who  
so kindly sent beautiful flowers,  
and also those who offered the use  
of their cars, after the death of  
my dearly beloved wife.

# DAUGHERTY CASE UNDERGOES DULL DAY IN SENATE

(Continued From Page One)

After the session a statement was issued at the department of justice stating:

"The attorney general is glad to call attention to the fact that the two witnesses called today by the government were both men of excellent reputation and did not come under the class of discharges of the department of justice as persons of malicious character."

The testimony of Major Stow, 38, distinguished and well-known lawyer of Galveston, Texas, both direct and on cross-examination, showed that the department of justice is not a "kangaroo court."

The testimony of Inspector Nathan Clifford Barker, who has been the agent of his parents, Mr. and Mrs. M. Barker in the city, has left for Chicago, where he expects to find employment.

The attorney general is sure that whenever a reputable, fair and impartial witness is called before the committee, who have knowledge of the facts, the department will be vindicated and its administration thereof commended.

# SWIFT & CO. WIN GOVERNMENT SUIT

WASHINGTON, March 19.—In its opinion made public today awarding judgment of \$1,977,000 to Swift & Co., Chicago packers, against the government, the United States court of claims took occasion to compliment the packing companies for their war time conduct, and to censure by implication the position taken by government representatives.

The packing company sought to obtain approximately the amount awarded in payment for costs and expenses incurred in supplying bacon to the army after the armistice, which the war department refused to accept and ordered sold on the open market. The government presented a counter-claim amounting to more than \$1,500,000, charging that Swift & Co. had overcharged it in previous meat sales.

The testimony of Major Stow, 38, distinguished and well-known lawyer of Galveston, Texas, both direct and on cross-examination, showed that the department of justice is not a "kangaroo court."

# BONUS BILL MAY GET PREFERENCE BEFORE SENATE

(Continued From Page One)

It is estimated that the bill would be about 2,517 times the amount of such credit.

Mr. Smoot emphasized that his chief objection to the house measure was its loan feature.

"In a few years," he said, "we would see those policies in the hands of the loan-bank, whereas under this new provision the government would be able to adequately take care of dependents of those men who fought for it."

The committee desires to question Sinclair on a variety of subjects, including the testimony of J. W. Zeveloff that the oil magnate directed him to deliver \$25,000 in liberty bonds to Fall four months after the central figure in the oil scandal had retired from the cabinet.

Today's session of the investigators was interrupted by two clashes between Senator Walsh and Senator Spencer, Republican Missouri, who took his seat today as a member of the committee succeeding Senator Davenport, Republican Wisconsin, who retired because of his physical condition.

These details for further questioning were Charles Williams, a brother of the slain oilman, Dillard Davis, negro laborer at her home and R. P. Farley, a railroad yardmaster. Williams who came here last December from Seattle, denied knowledge of any circumstances of the murder. Davis accused him of striking and kicking his sister in a quarrel two weeks ago.

# DISCUSS PLANS FOR IMMIGRATION LAWS

WASHINGTON, March 19.—Plans to secure enactment of the immigration bill proposal for exclusion of all aliens ineligible for citizenship were discussed today at a conference attended by the California delegation in congress, former Senator Phelan of that state, and V. S. McClatchy of Sacramento, who recently appeared before the senate immigration committee on behalf of several California organizations.

After the meeting a statement was issued saying that exclusion of aliens who cannot hope to become citizens, offers a logical, simple, practical and effective solution of the entire Asiatic immigration problem. It was argued that the government, since it was now in force with Japan had failed to accomplish its purpose and should give way to a specific exclusion law.

These details for further questioning were Charles Williams, a brother of the slain oilman, Dillard Davis, negro laborer at her home and R. P. Farley, a railroad yardmaster. Williams who came here last December from Seattle, denied knowledge of any circumstances of the murder. Davis accused him of striking and kicking his sister in a quarrel two weeks ago.

## GOV. SMALL MEETING HELD AT CONCORD

Large Audience Hears Discussion of Campaign Issues by Col. O. C. Smith.

Another meeting in the interest of Gov. Small was held in the assembly room of the school building at Concord Wednesday night. The hall was filled to overflowing and the audience showed interest in the campaign issues as presented by Col. O. C. Smith.

The chairman of the evening was Lloyd Smith, who is the Concord central committeeman. Col. Smith made a presentation of facts relating to the Small trial at Kankakee, with the purpose of showing that the governor had been acquitted solely upon the evidence presented and said that after a fair trial and acquittal the unfair charges against him should be dropped.

In considering the relationship of Gov. Small to the state institutions, Col. Smith said that the record gave ample proof that under the department of public welfare as now organized the state institutions had gone forward.

He spoke specifically of the State School for the Deaf of which he is managing officer, giving facts and figures to indicate that it has been the consistent desire of the governor to better the condition of wards of the state and have the institutions conducted on a high plane of efficiency.

Col. Smith was accompanied from Jacksonville to Concord by M. L. Hildreth.

## Market Report

By The Associated Press

## STRONGER TONE IS SHOWN IN MARKET

**FINANCIAL.**  
Total stock sales 1,037,100 shares.  
Twenty industrials averaged 97.35; net gain .27.  
High 1924: 101.24; low 94.88.  
Twenty railroads averaged 84.31; net gain .32.  
High 1924: 85.90; low 82.74.

**NEW YORK, March 19.**—Stock prices developed stronger resistance in today's market, the principal fluctuations in the general list reflecting the readjustment of speculative accounts. Gains exceeded losses at the close. Call money opened at 3 1/2 and then dropped to three per cent the lowest rate since August 18, 1922.

Continuation of the short covering movement which began in Tuesday's late trading, gave opening prices a firm tone. When the shorts discovered however, that in many cases they were bidding up prices on themselves, they renewed their selling pressure, concentrating on the motor, independent steel and shipping shares, several of which broke one to four of their lowest price of the year.

Chief interest in the railroad group centered in the accumulation of Norfolk and Western. Time money for 30 days is 4 per cent bid and 4 1/2 offered, with trading being done at the higher figure. Two to four months money is 4 1/2 per cent bid and 4 3/4 offered, with the bulk of the business at 4 1/2 per cent for 90 days.

Commercial paper rates remain unchanged prime names commanding 1 1/2 per cent.

Except for a brisk rally in Dutch guilders, foreign exchange rates held relatively steady with demand sterling being quoted around \$2.29 and French francs around 5.07 cents.

There was a particularly heavy demand for United States government obligations some of which attained new high levels for the year. Total bond sales \$14,172,000.
